Massage Program Objectives

- ❖ Provide a working knowledge of the structure and function of the human body and how it is affected by massage

The Massage Therapy Program at Healing Arts Institute is specially designed to not only teach hands on techniques of massage and spa work, but to also prepare students to be professionals in the healthcare or spa industries.

- ❖ Offer training in massage therapy and spa modalities
 - ❖ Guide students in developing optimal work habits and safe practices
 - ❖ Develop professional standards and commitment to ethics
 - ❖ Teach effective communication skills for use with clients and other healthcare professionals
 - ❖ Equip graduates to operate within the massage industry
- Please note: Licensure and regulations vary state to state

Curriculum at the Healing Arts Institute

Massage Therapy Program

500 Hour Massage Program

Here is a detailed breakdown of the Massage Therapy Program at the Healing Arts Institute EGF MN

Therapeutic Massage – 200 Hours – Provides comprehensive academic instruction in the theory of massage therapy, supervised hands-on instruction in massage and bodywork assessment, and application instruction as well as practical skills training such as Palpation, Body Mechanics, Draping, Swedish Massage Techniques, Deep Tissue Techniques, Integrated Massage Techniques and how each affects the physiology of the body. This section also includes the Massage Student Clinic during which the students demonstrate massage on instructors, other students and the public to better prepare them for their future massage practice.

Anatomy & Physiology – 90 Hours – Students learn the structures and functions of each body system and the mechanisms that control these functions. This information is an essential part of massage therapy training because it will greatly enhance your ability to use appropriate precaution when giving massages and will reinforce your understanding of the physiological effects of massage therapy.

Kinesiology – 35 Hours - Kinesiology is the study and the detailed understanding of how the human body works, moves and responds to mental messages. This will include origins, insertions, and actions.

Pathology – 40 Hours - Pathology is the study of the nature and causes of disease. Since the number of pathologies we humans may encounter is practically limitless, we focus on pathologies that are specific to massage therapy. Thus we can judge whether our work is appropriate for the client. This knowledge allows us to create safety, trust and credibility with our clients.

Massage Basic Knowledge – 65 Hours – This portion of the massage program will address: Contra-indications, Benefits of Massage, Universal Precautions, , Legalities of Massage, Professional Standards of Draping and Modesty, History of Massage.

Allied Therapies and Spa Services - 50 hours - Hydro Therapy, Aroma Therapy, Body Wraps, Exfoliating Scrubs, Hot/Cold Stone Therapies, Warm Bamboo Massage, Massage Cupping, Reflexology, Acupressure, Thai Massage, Energy balancing, Therapeutic Stretching & Sports Massage, and Chair Massage.

First Aid, Hygiene & CPR – 10 Hours - First Aid, Hygiene, CPR, and Safety as a Massage Therapist.

Ethics – 6 hours – The Standards of Practice and Code of Ethics provide Massage Therapists with clear directions in a comprehensive document from which they can obtain guidance on how well they are expected to perform their various tasks within the Scope of Practice.

Business Practices – 4 hours – This course will prepare the student to go out and start their career in the massage industry. Learn the different types of massage employment and write a professional resume.
